

WHISTLER HELIPORT - OPERATIONS INFORMATION

Heliport Operator	The Whistler Heliport is maintained and operated by the Whistler Heliport Society.	
Use of Heliport	Helicopter pilots making use of the Whistler Heliport will have their aircraft noted by Blackcomb Helicopters staff, and will be sent an invoice for applicable landing fees. Please see the landing fee schedule for the amounts that are charged.	
Landing and Parking	Itinerant helicopters are requested to land on the paved and marked TOLA and park in the Itinerant Parking area. Please do not park on the apron taxiway or in the areas leased by commercial operators.	
Approach/Departure	Avoid flight over built-up areas. All traffic south of the Heliport should use the east side of the valley and remain as high up as possible when transiting through the valley. The windsock is located in the NW corner of the itinerant parking area.	
Coordinates	Latitude: N50 10 00	Longitude: W 122 54 06
Elevation	2116 feet (645 metres)	
Declination	20°	
UTC	8hrs (7hrs daylight savings)
